COMMON QUESTIONS

Why add a second shooter?

A second shooter is in two places at once — both of you getting ready, key reactions during your vows, wide and intimate angles together. Recommended for weddings of 8+ hours or larger parties.

Is there a travel fee?

No travel fees. We keep dedicated teams in your area for seamless coverage, with no added cost.

What is the turnaround?

Standard editing runs 30–90 days, with most films finished in 30–60. An expedited option is available on request.

How does the engagement session work?

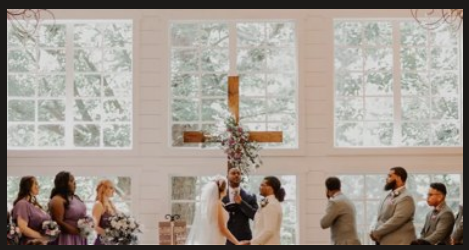

It is complimentary with every photography and combined collection. Tick the box when you reserve and it is written into your agreement — one hour, multiple nearby locations, scheduled at least 30 days out.

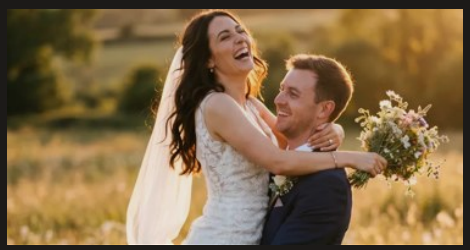

Are you insured?

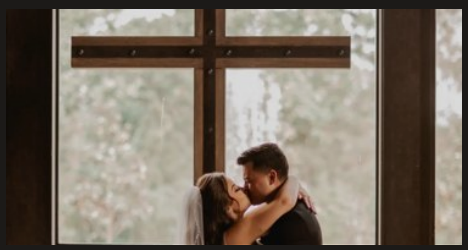

Fully insured — for your peace of mind and your venue's. We carry backup cameras, lenses and gear to every wedding.

Do we keep the footage?

Yes — complimentary. You'll receive a private link to view and download all of your raw, unedited footage.

We would be honored to capture your day.
